

## SANOMAGIC™ Wooden Bikes

- I. All parts except mechanical components are made of a laminated mahogany.
- II. Top tube, down tube, seat tube, aero spokes, and handle are hollow to reduce the weight.
- III. Total weight except pedals is about 7.8 to 8.0 kg.
- IV. SANOMAGIC Bike No. 7 joined many bicycle races and got superior results.
- V. Please check <http://sanomagic.world.cocan.jp/englishindex.html>
